

Circular to Parents

Dear Parents,

Greetings!

We would like to inform you regarding important guidelines from SPEA-Sharjah Private Education Authority and the Social Support Center in Sharjah Police.

SPEA has made it mandatory for schools to report to the Health authorities the COVID 19 cases among staff and students in a timely and accurate manner. We would like to bring to your attention the importance of your cooperation in informing school at the earliest if your ward is tested positive. Please note this is important, as per the Law no. 14 of year 2014 regarding managing communicable diseases. Noteworthy, not cooperating with the health authorities in such a pandemic situation is considered a violation of the law and may lead to legal action against the non-conforming persons/entities and the case may proceed to public prosecution, in view of the risk to the public health.

We would also like to inform you regarding the smart service available on the Sharjah Police website to report violence and family abuse for all sections of society introduced by Social Support Center in Sharjah Police General Headquarters.
